

Remote deposit is fine but **posting all of the payments** to your accounting system is what really **takes my time**.

Process your checks 7.4 times faster*

* Versus a generic bank remote deposit in time study comparison

Join the businesses that are depositing billions of dollars annually through this better system.

Features included:

- High speed deposit scanning and posting in a single step
- Scan builds the posting file that fits your software
- Easy check image retrieval from encrypted archive

Here is how it compares:

Time Study Results

Task: deposit and post payments		Quantity: 50 checks		Single and multiple feed scanners	
Manual	Bank RDC		Our RDC		
	Single Feed	Multi-Feed	Single Feed	Multi-Feed	
Time: 40:49	Time: 23:39	Time: 22:19	Time: 4:33	Time: 2:59	

Up to **13.6 times** faster than manual and over **7.4 times** faster than Bank RDC

The value we deliver:

We process hundreds of thousands of checks annually for our clients in the medical billing industry.

With or without coupons our deposit and posting platform is the ideal solution. The speed and accuracy of our processing enables our clients to focus on their critical business needs.
